The incentive is doubled for applications received through March 31st.

What is meant by teaching students *how to think* not *what to think*?

It is the desire of classical Christian schools to create lifelong learners. To do this, students need to be given tools for learning that they can use for life.

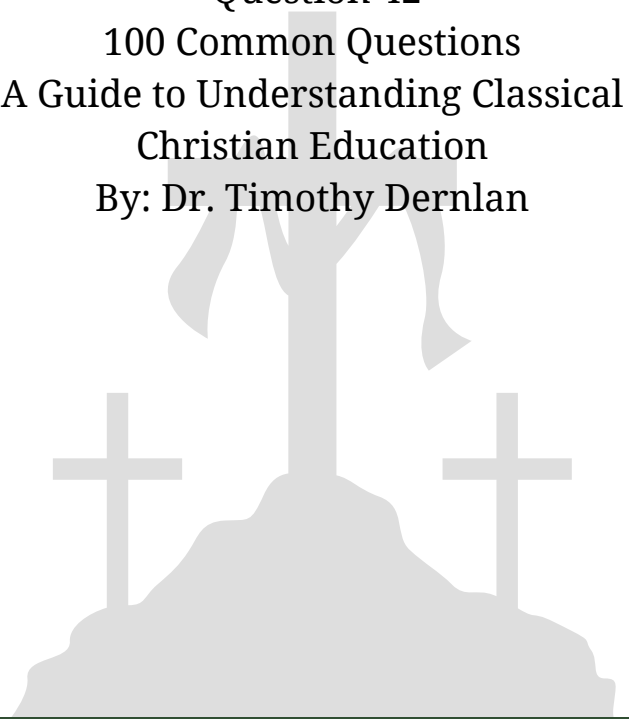

Giving students the tools needed for lifelong learning is far better than teaching students lists of facts during a lecture. Some of the many tools that students are given are reading, writing, Latin, critical thinking (Logic), communication (Rhetoric), etiquette, biblical knowledge, a biblical worldview, and many other skills.

PVC MEETING - April 9th

The next PVC meeting will be held on Tuesday, April 9th at 3:00 p.m. at the school. Everyone is welcome to attend.

BIKE RODEO - April 24th

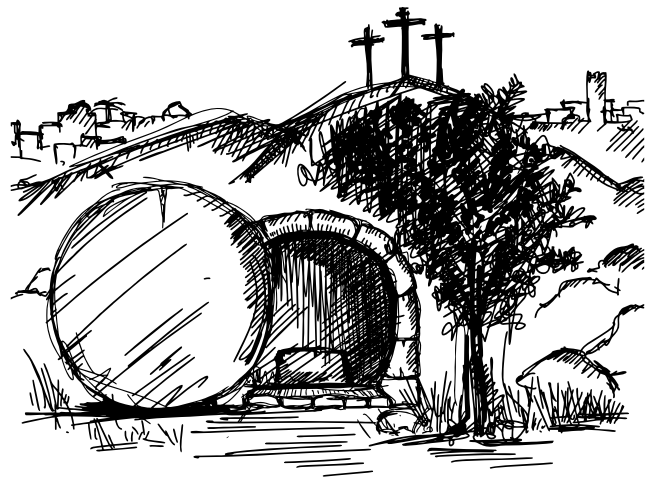

Kindergarten - 4th grade students will be participating in a bicycle safety program presented by the Ephrata Police Department.

During the bike rodeo, students will be given the opportunity to test their skills in a variety of ways. We encourage all students to wear a bike helmet during the bike rodeo and any time they are riding their bicycles. Each bike will undergo a safety inspection. Students who participate will receive a written record of their performance, a copy of the safety inspection and registration, and a certificate of participation. Students will need to have their own bikes to ride during the rodeo. All bikes need to be dropped off before school begins and picked up at 3:00 p.m.

All bikes must be in good working order for the biking season (air in tires, functioning brakes, reflectors, etc.). No training wheels, please.

Spring Break would be a great time to get outside on your bicycles!

*The angel said to the women, "Do not be afraid, for I know that you are looking for Jesus, who was crucified. He is not here; he has risen, just as he said. Come and see the place where he lay."
