### Win-Win Program

Word-of-mouth marketing is the best way to share NLCS! As we begin enrollment season at NLCS, we're offering double the incentive for you to share NLCS with your friends, family, and neighbors. See the attached Win-Win Program flyer (in this newsletter's email) for special incentives for applications received through March 31.

## What is the *Quadrivium*?

Mathematics, Geometry, Astronomy, and Music are the second half of the seven liberal arts and known as the *Quadrivium*. These are known as the upper division of the seven liberal arts and were the majority of the medieval university curriculum. The *Quadrivium* was designed to build on the Trivium and draw students into higher order reasoning and interaction with the cosmos. Now, schools around the nation integrate these disciplines into earlier stages of education to foster a greater unity of learning and interplay between the arts and sciences.

## **BLACK and GREEN GALA**

Thank you to everyone who helped prepare for the Black and Green Gala. We are so grateful for your help and support, and we continue to pray for God's blessings on this important fundraiser for our school.

There are still a few tickets available if you're interested in attending! Tickets can be purchased at the office or on the auction website: <https://auctria.events/BlackAndGreenGala>

For those who are helping with table and chair set up this evening, please meet at the Community Church at 5:00 p.m.

For 7th to 12th grade students who are helping tomorrow night, here are the details:

- Please arrive around 4:30 PM in standard uniform dress (or better).
- We will provide pizza for your students.
- Some of the things your students will be helping with are serving our VIP table, making sure our guests have a great evening, helping the silent auction team collect the items for our guests, and cleaning up at the end of the night.

## **MARCH HOT LUNCH**
