What is the purpose of classical education?

Classical education is designed as a great gift of western civilization to be passed down from one generation to the next. Each generation is responsible to entrust the next generation with the knowledge, traditions, and wisdom from the past. Our modern society is not uniquely independent from the past. It has been influenced by thousands of years of great scholars, philosophers, theologians, leaders, discoveries, and history. Western civilization is like a mighty river that has moved throughout time and the western world until it arrived at this present-day. The purpose of classical education is to fulfill our responsibility as citizens to entrust the traditions, culture, and wisdom of western civilization to our children.

UPPER SCHOOL PROTOCOL FUNDRAISER #2

We are collecting children's clothing, toys, books, games, and baby items to use for a fundraiser at a children's consignment event. If you have items that you would like to donate, please give them to Mrs. Gales. We will be collecting items from November 10 - January 10. Thank you for supporting our students!

Hello New Life families!

The 9-12th graders at New Life will be performing *It's a Wonderful Life: A Live Radio Play* by Joe Landry on Monday, December 18th. There will be a performance during chapel for the students and staff, and a performance at 6:30 PM that evening for family and friends to attend! As this is our first time doing this, we have very limited props and costumes. We specifically are in need of some vintage looking 1940's/50's accessories: men's hats & ties, ladies' hair & costume jewelry & purses. We also may need some set pieces: vintage lamp, chair(s), old prop microphones. If anyone has any of these items or similar items and would be comfortable sharing them with us for a brief time, that would be wonderful! Please just send an email to either Miss Latimer or Mrs. Gregg or drop the items off at the school.

Thank you so much!
